Re: *Petition of Cellco Partnership d/b/a Verizon Wireless for Arbitration Under
the Telecommunications Act of 1996*
Consolidated Docket No. 03-00585

Dear Hearing Officer Beals:

BellSouth was served with Interrogatories and Requests for Production of Documents in the referenced docket on March 19, 2004. As the Hearing Officer is aware, BellSouth has not voluntarily intervened as a party and has objected to the ICO's attempt to force BellSouth to participate as a party in this docket. Both BellSouth and the CMRS carriers have briefed the issue and pointed out clear authority precedent which is squarely at odds with the ICOs' attempt to force BellSouth to be a party to an arbitration in which it is neither the requesting carrier nor the incumbent with whom the requesting carrier seeks interconnection.

Notwithstanding the objections of BellSouth and the CMRS providers, and, more importantly, notwithstanding the fact that the Hearing Officer has yet to rule on the ICOs' motion to require BellSouth's forced joinder, the ICOs have served BellSouth with discovery as if BellSouth had already been made a party. BellSouth writes to simply acknowledge receipt of these discovery requests and to inform the parties that BellSouth will not respond unless and until it is required to become a party.

The ICOs have continued with this filing their practice of filing all pleadings in both this docket and the Rural USF Docket. BellSouth respectfully submits that this practice is merely an intentional ongoing effort to blur the distinction between these dockets in an attempt to force BellSouth's participation in the arbitration docket. There has been no schedule established for discovery in the Rural USF docket. When

discovery is scheduled in that docket, BellSouth will respond to any request that is properly made and relevant to the issues in that docket.

Cordially,
